What an exciting day!

Today is Mother's Day so I wanted to treat Mum well. In the morning, I woke up early and made breakfast for Mum. First, I fried an egg. Then, I put some butter on a slice of bread. Next, I put the fried egg on the bread. Finally, I put a slice of bread on top and finished the fried egg sandwich. Mum ate it. She said, 'It is delicious!' She was surprised that I could fry an egg. I was joyful and gave her a kiss. After that, I gave Mum a massage too.

In the afternoon, Mum and I went shopping at Rainbow Shopping Centre. I bought her a bunch of roses and we ate dim sum for lunch.

At night, I made a necklace with plastic beads and gave it to Mum. She loved it very much. Dad and I also baked a chocolate cake. It smelt delicious! Then, we went out for dinner at a nice restaurant. We ate the cake after dinner.

I felt delighted today. I promised Mum to be a helpful girl and I will share the housework with her. Mum was very happy.
